The Company

The Company

With a few products made of wrought iron, Smedbo was founded in 1967 in Helsingborg, situated in the very south of Sweden. Today the company is the premier manufacturer of quality decorative brass hardware and bathroom accessories to the Scandinavian countries, earning it the distinction of Purveyor to his Majesty the King of Sweden. Smedbo products are available worldwide with distribution centres in Sweden, Germany and in the United States. The worldwide headquarters are located in Helsingborg, Sweden.

Assortment & Design

The bathroom has developed into one of the most important living areas in the home over recent years. Function, quality and design have consequently been the base elements in all Smedbo hardware and bathroom accessory products. Our Scandinavian designs range from purely simple to more contemporary offers. There are a variety of finishes to choose from, ranging from polished brass, brushed nickel and polished or brushed chrome.

Product Quality

The manufacturing process originates from a proud tradition of craftsmanship. Smedbo bathroom products are made from 100% solid brass, which means that you can rest assured that you are buying a high quality product that lasts a lifetime. Each product is forged for strength unrivalled by other manufacturing procedures. All bathroom products are then polished and lacquered with a highly transparent epoxy for a truly flawless look. To keep your Smedbo product looking like new simply wipe over with a damp cloth.

The Future

Our ambitions are to continue to offer high quality bathroom accessories with Scandinavian design. The bathroom is where people around the world start and finish their day. That is why we like to contribute by helping people create an oasis for everyday use.

10-Year Consumer Warranty of Smedbo Bathroom Products (5-Year Warranty for Towel Warmers and Pedal Bins)

Smedbo Bathroom products are manufactured and tested to the highest quality standards. Extensive care and efforts have been made concerning quality of material, production control, design and function.

Smedbo Bathroom products are guaranteed to be free of defects in function for 10 years from date of purchase, 5-Year Warranty for Towel Warmers and Pedal Bins. If defectiveness in the products function appears within the warranty period Smedbo will, upon presentation of receipt or any other proof of purchase, repair or compensate with an equivalent product, or if that is not possible, repay the price the consumer has paid for the product. The consumer shall, as soon as possible after discovering the defect, contact the store where the product where bought with the problem explained in writing. The retailer will thereafter contact Smedbo about the problem.

Our warranty does only cover the product itself and not consequential loss that might occur. Damage caused by accident, misuse or abuse is not covered by this warranty. Any alteration to electrical connections invalidates the Warranty.

This warranty does not affect the consumer's statutory rights.

SYMBOLS / INFO

PMMA = Polymethyl methacrylate. PMMA belongs to the group of acrylic resin plastics. The material is recyclable. PMMA is sensitive to solvents such as acetone.

Hardwiring - Built-in electrical connection, without visible cord. Professionals are required for installation.

Plug - Plug directly into the wall socket

USB - Rechargeable battery, charge with USB (battery and cord included)

Battery operated - Battery operated with 4 pcs, AA battery 1.5 V batteries (not included)

Sensor Activated Quality Light - An automatic motion sensor turns on the LED lights when detecting movement at 15 cm distance. Lights are turned off automatically after 12 seconds without movement.

Dual Light - Warm or cool light

"easy to remove and clean". It is easy to remove the shower basket from the wall and clean it.

Note that the surface to be glued must be well cleaned and dry and that the self-adhesive glue must be allowed to harden for 24 hours before using the product.

Self-adhesive products are NOT recommended to be installed on wet room wallpaper as plasticizers in the wet room wallpaper adversely affect the adhesive and the product can detach from the wall.

Smedbo products should only be cleaned with a soft cloth and a mild soapy solution. Do not polish.

Most Smedbo products can be glued. The wall fixing plates enclosed are adapted for fixing with screw or glue.

Visit our web site for further information and see exactly which products can be glued - www.smedbo.net

When mounting with glue:

Glue is bought separately, see Art. No. 6000-10 or 6000-12 below.

Some **shower baskets and single hook #3455** can be glued, but a separate mounting plate is then required, see Art. No. F966 / FB966 below.

The surface to be glued must be well cleaned and dry. Please allow the adhesive 4 hours to harden before use.

Smedbo does not recommend gluing of Grab Bars (#225, 325) or Swing Arm Towel Rails (#226, 326).

6000-10	iComposite GlueMix Mount without drilling Complete with glue and cleaning cloth GlueMix	426045- 8380178	12

PVD

PVD = Physical Vapour Deposition. Hard resistant surface for longer durability. Intended for exposed indoor and outdoor environments.

Self-adhesive

Note that the surface to be bonded must be well cleaned and dry. Please allow the adhesive 24 hours to harden before using.

Self-adhesive products are NOT recommended to be installed on wet room wallpaper as plasticizers in the wet room wallpaper adversely affect the adhesive and the product can detach from the wall.
